

The background features a repeating pattern of light gray line-art icons on a white background. These icons represent various educational concepts such as books, graduation caps, microscopes, lightbulbs, speech bubbles with the letter 'A', and computer monitors. The icons are scattered across the entire page, creating a textured, academic atmosphere.

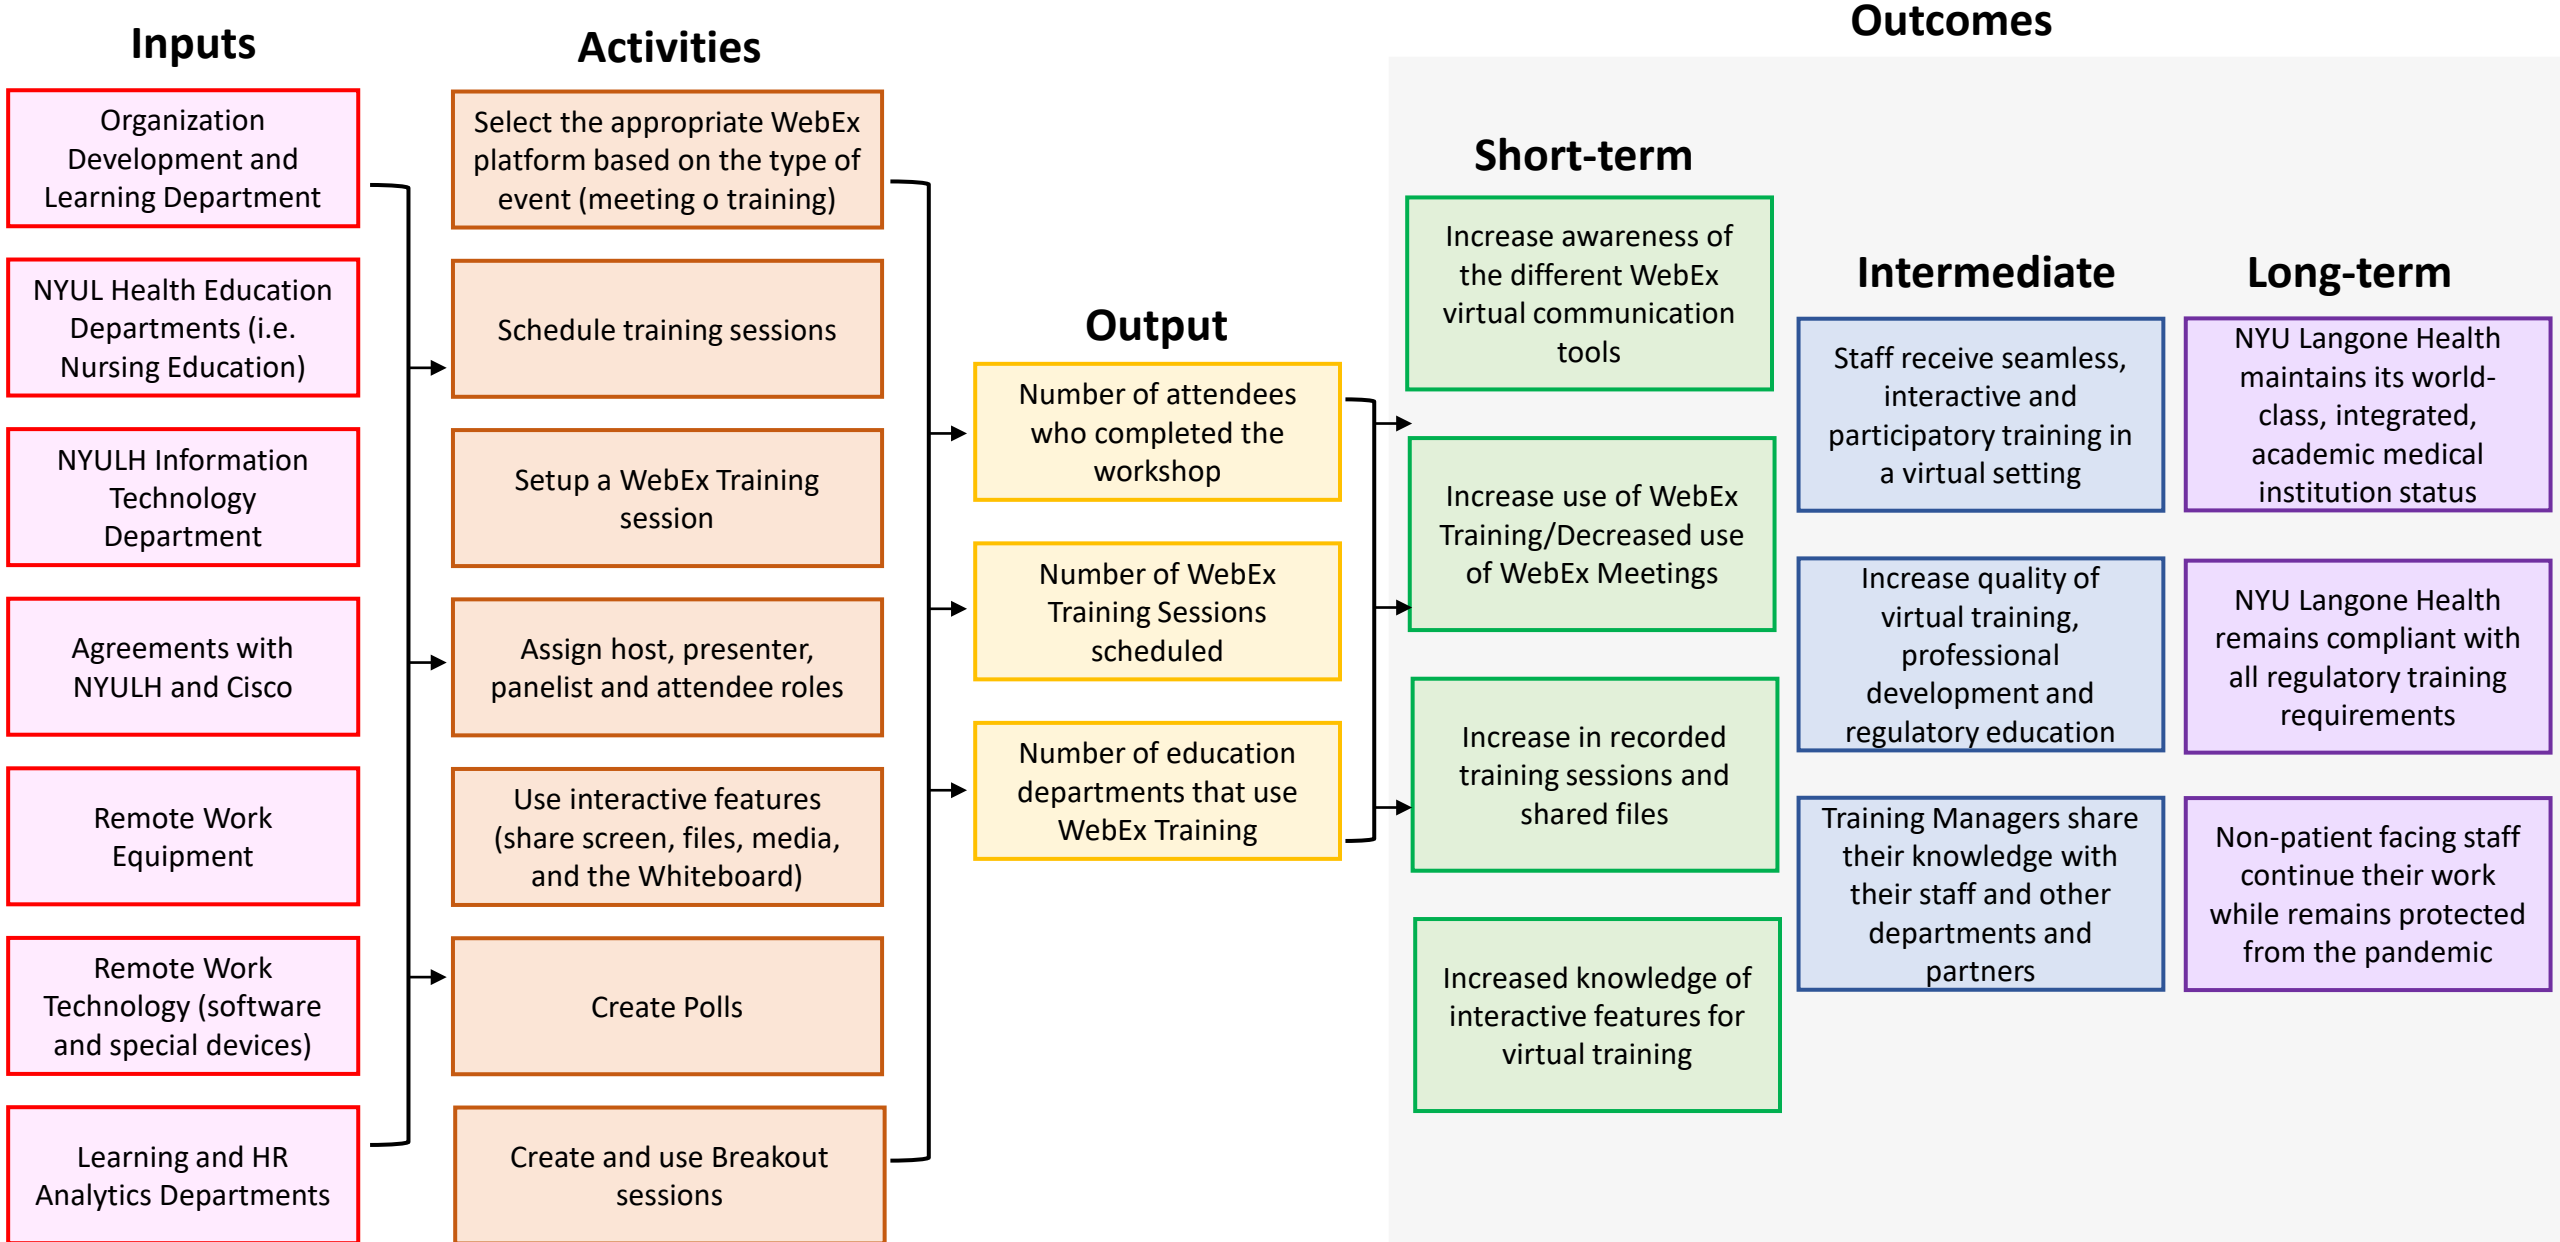

Logic Models for Project Foresight and Planning in Instructional Design Project Management

by
Ulises Musseb

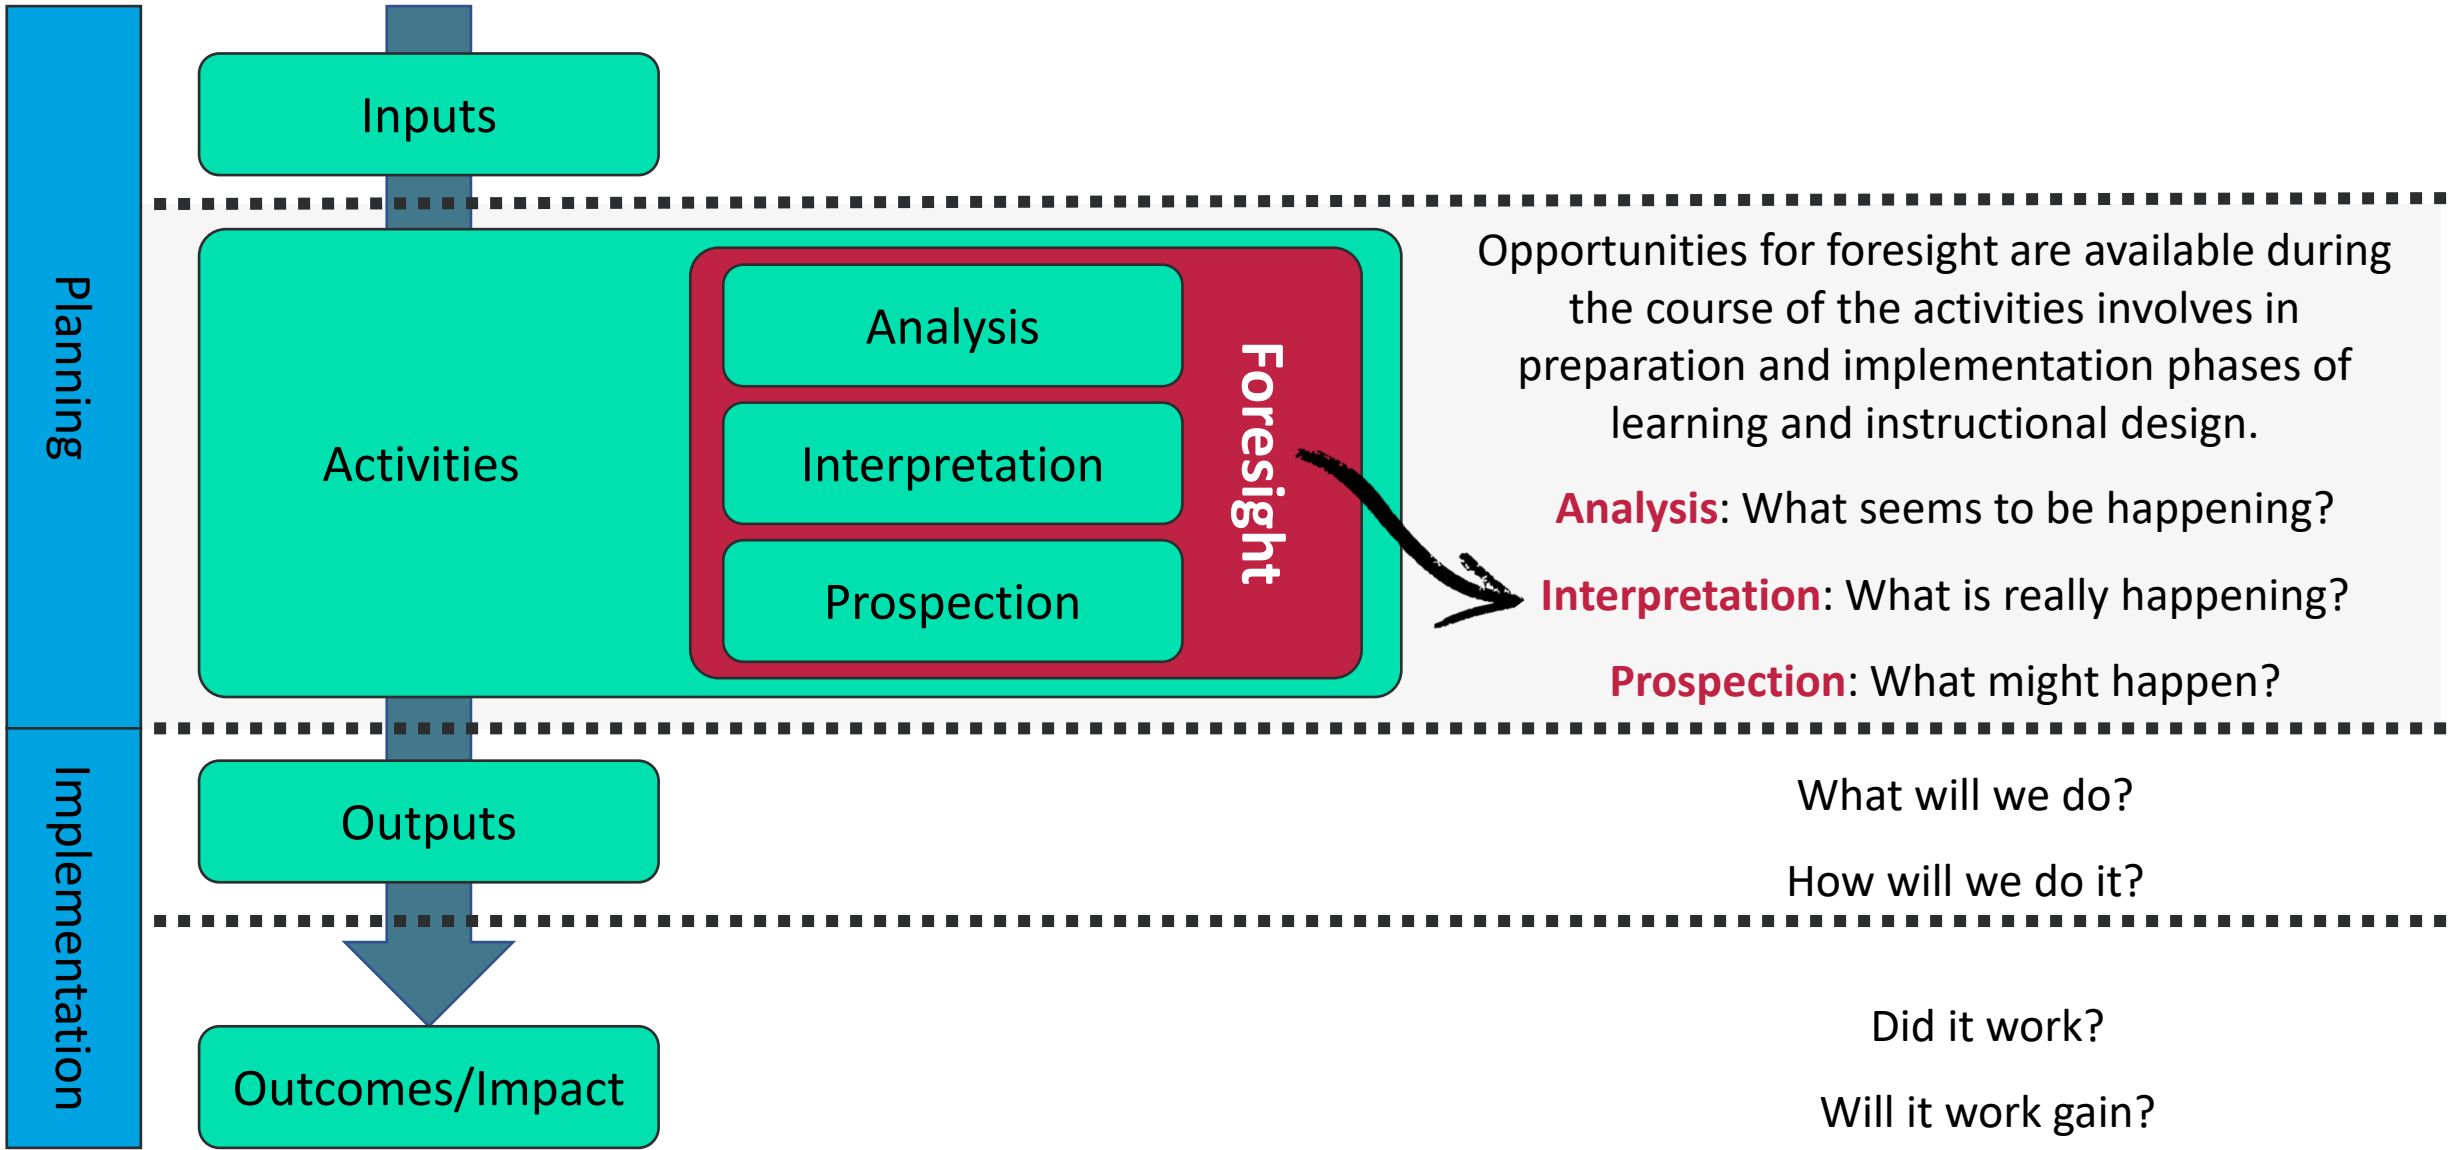

A logic model is a picture of how your program works – the theory and assumptions underlying the instructional design proposition.

Logic Model Example: Cisco WebEx Training Workshop

Foresight Planning within a Logic Model
